BOOK A BIRTHDAY PARTY !

There is no better place for a birthday than at NGC! Each party begins with safety information, rules, and stretching.

The party participants then move through a series of circuits throughout the gym, and conclude with open gym and parachute fun. The group then moves into the party room where the celebration put on by the family takes place. For more information, pick up the birthday party information sheet in the literature rack above the display case in the lobby or check our website under “events.”
